WEATHER PROBABILITIES .- War Department, Office of the Chief Signal Officer, Washington, D. C., August S, 1876-10:30 a. m.-In the Eastern and Middle States rising barometer, winds generally from north to west, slightly cooler and very generally clear weather.

THE MAYOR AND THE POLICEMEN.-The following correspondence has passed between the Mayor and the Captain of Police in regard Phillips, and a negro man named John Green : MAYOR'S OFFICE, August 8, 1876,

James F. Webster, Captain of Police: SIR: If you have any official information in reference to the case of Policemen Phillips and Mullen in the affair of John Green, colored, please communicate the same to me.
Most respectfully,

J. B. Johnson, Mayor.

POLICE HEADQUARTERS. August 8, 1876. To the Hon J. B. Johnson Mayor: Sin: I have heard a rumor on the streets, and also from reports of the newspapers of the city, (t.u. no complaint has been made at this office from any citizen), that Policemen Philips and Mulien had a difficulty with a Mrs. Green, colored, on or about the 31st day of July last; and that Philips attempted to arrest Mrs. Green, and that John Green interfered by using violence on Officer Phillips. Both John Green and his wife were then taken into custody, but by the per-suasion of some of the neighbors the officers released them. The newspapers of the next day reported the arrest and conviction of Policemen Philips and Mullen by three justices of the peace of the city, and also of the arrest and conviction of Green and his wife by one of the the justices who sat upon the trial of the policemen. In conclusion, I beg leave to say that I have no "official information" to communicate on the subject, as the case was not reported at Police headquarters.
Your obedient servant,

JAMES F. WEBSTER. Captain of Police.

In this connection it may be stated that officer Mullen had arranged to take an appeal to the Corporation Court from the decision of the Justices, imposing a fine on him, but Justice Nalls on more mature consideration of the case, concluded to remit Mullen's fine, as the evidence did not criminate him.

THE SUPERINTENDENCY OF THE RICHMOND Schools.-Quite a controversy is in progress in the Richmond papers as to whether the Superintendent, about to be appointed, shall be drawn from the ranks of the public school teachers, or not. It is not our purpose, of course, to interfere in these family matters of our neighbors, but as we hear that a former citizen of this place, Mr. Samuel T. Beach, is one of the prominent candidates, we venture to suggest to our Richmond friends that if they want a man of energy and determination, as we suppose they do, he is that man. At a very early age, he was appointed to the charge of the Washington School here, then in the very throes of dissolution, and, instantly, as if by magic, it rose from its prostrate condition to a place of high efficiency and credit among our city schools. The successful conduct of a school is, we take it, the best criterion of a teacher's ability, and Mr. Beach has never failed. He has vimenough to run up the Richmond schools to any desired degree of success.

TRIAL AT WEST END .- A large number of persons were collected at Catts' Tavero, at Wess End, last night, to witness the trial of a warrant against Mr. John T. Hunter, charged with committing an assault on Mr. Harrison Emerson, some days since. It seems that the parties, who are neighbors, had a quarrel about an alleged trespass of some geese belonging to one of them on the garden patch of the other, during which it is claimed that Hunter beat Emerson in the breast with a stone, causing him to be confined to his bed for several days. Justice J. Owen Kerby tried the case, and after hearing the evidence and the argument of Mr. Frank Hunter, who appeared as counsel for his father, fixed the defendant, Hunter, twenty dollars and costs, and bound him over to keep the peace for twelve months. Considerable interest was manifested in the case by the residents of West End, as both of the parties are elderly men and old neighbors.

JEFFERSON SCHOOL DISTRICT.-Immed'. ately upon the adjournment of the County School Board, yesterday, the District Board of Jefferson District held a meeting, all the Trustees being present. The following resolution

was unanimously adopted: Resolved, That the School Board of Jefferson Discrict is fully satisfied with the manner in which Ruffner School, No. 2, was conducted by Miss M. Angela Nevett during the time which she served as its teacher, and regret her determination not to accept a re-election to a position she has so worthily filled.

Mr. F. A. Byerly, of Rockingham county, was elected to fill the vacancy occasioned by the declination of Miss Nevett, provided he shall pass the necessary examination. It is understood that the present teachers of the other schools in the District will be retained in their positions.

THE CHIEF ENGINEER QUESTION.-The counsel for Mr. Henry Herbner, yesterday, made a proposition to the counsel for Mr. Leadbeater to refer their claims to the office of Chief Engineer of the Fire Department to C. W. Wattles, esq., as referee, and that the case be argued before that gentleman on Saturday next. The proposition has not yet been ac cepted owing to the absence from the city of C. E Stuart, esq., Corporation Attorney, who is one of Mr. L adbeater's counsel. Mr. Stuart has been written to, however, and, if he arrives in the city in time, the case will probably be taken up on Saturday or some day in the early part of next week. Meanwhile, in case of fire, the Senior Warden will take command of the Department. It is the ardent desire of all parties among the firemen and all good citizens that this question shall be speedily settled.

TRESSPASS AT MOUNT VERNON .- Two photographers named Armstrong and Pywell went to Mount Vernon last Sunday with their in struments and attempted to take views of the mansion, tomb, &c., but were overhauled by one of the custodians, who captured their instruments and has had warrants issued for their arrest. The right to take these views is reserved entirely to the association and is one of its most fruitful sources of revenue The attempt to take the views surreptitious'y meets with the most unqualified condemnation.

Excursion To-Morrow. - The excursion of the Relief Hook and Ladder Company to Marshall Hall to morrow bids fair to be a great success. The excursions given by this company heretofore have been so well patronized and so highly appreciated that it might seem a work of supererogation to commend the present one. Suffice it to say that it is generally the excursion of the season, and is patronized by the best society in the city.

THE GLYMONT MURDERERS.-The two neero men whose arrest and subsequent escape at Quantico were mentioned yesterday, after getting away from their captors, made their way to Richland mills, the estate of General Fizhugh Lee, where they stole a boat and rowed across to the Maryland shore, where they are the detailed in Lee, where the detailed in Lee, they were again captured and lodged in Port Tobacco jail. They had not, at last accounts, been identified positively, but are universally

GAS MACHINE. - Mr. Adonis Glachet has on exhibition, in the store adjoining trench's, on King street, one of his new patent gas machines. Mr. Glachet has made some improvements in the apparatus and claims to be able to manu facture gas at a cost of fifty cents per thousand feet. He proposes to manufacture the machines here if he can secure a partner. He will exhibit the machines every night.

STABBED BY HIS FRIENDS .- The Sumner Tribune in commenting upon the action of the magistrates in imposing so small a fine as \$3 upon a police officer for an assault upon a colored man says: "Mr. Whictlesey is called a republi-can and is elected by colored men; we are utto the dispute between officers Mullen and terly surprised to know that he would give in his adhesion to such an outrageous decision.'

> TILDEN AND HENDRICKS POLE. - The pole raising and speaking at Sartin's shop, two miles from Springfield station, which was postponed on account of the rain last Wednesday, will take place next Monday evening at two o'clock. Gen. W. H. F. Lee and other distinguished speakers are expected to address the meeting.

> FOURTH WARD,-The meeting of the voters of the 4th ward, to perfect the organization of a Tilden and Hendricks Club, which was post poned on last Wednesday night, on account of the rain, will be held to-morrow night, at 8 o'clock, at the Friendship engine-house.

THERE will be preaching to night at the 2ed Presbyterian Church by the Rev. John Ryan, of England, at 8 o'clock.

TELEGRAPH NEWS.

From Washington. SENATE.

WASHINGTON, Aug. 8, 1876 .- The Senate was occupied during the morning in a discussion of a resolution to print a large number of extra copies of the agricultural report.

A bill was passed for an organization of the territory of Pembina. The resolution for printing extra copies of

the President's message on the Hamburg affair was taken up, and Mr. Eaton addressed the Senate at length on general politics. HOUSE OF REPRESENTATIVES.

In the House of Representatives the action of the Legislature of Texas in reference to the death of Geo. Custer was spread upon the Journal.

Several reports from various committees were made and laid on the table, and bills and resolutions introduced and referred.

A bill to pay Mr. Fitzhugh, late Doorkeeper, for the time his office was consolidated with that of the Sergeant-at-Arms, was referred.

Another "Silver bill" - monetizing the silver dollar-providing for the redemption of green backs, &e , similar to the bill that has been before the House for some time, was introduced, and, upon the question of its reference, there was an animated debate between Messrs. Cox, Banks, Saunders and others, Mr. Cox insisting that the resolution should go to the Committee on Banking and Currency. The bill was finally

referred to the Committee on Coinage. Mr. Hereford, from the Committee of Conference on the River and Harbor bill, submitted a report, but as the papers were not in the House, the report was not considered.

Requests for leaves of absence from a number of members coming up, several were withdrawe, and a resolution to grant the remaining leaves adopted.

During the discussion Mr. Randall stated that there was a probability of the session clos-

Mr. Cabell, from the Committees on War Claims, reported a bill for the relief of J. T. Armstroug, of Alexandria, with a tavorable recommendation, and it was ordered to be placed on the private calendar.

A bill was possed repealing that part of the act for the repaving of Pennsylvania avenue requiring the work to be completed in December next.

The "Silver bill" -to u lize the mining pro-NOTICE.—By order of the Directors of the Alexandria Savings Institution, a dividend of ten per cent, will be paid to depositors, on the was then taken up, when immediately the hard-money mea commenced their usual filibustering system - moving to adjourn and to adjourn to a specified day, upon each of which motions the ayes and nees were taken, always resulting in the negative by an almost unanimous vote. The fill ustering was kept up until the expiration of the morning hour, when the bili went over.

At the expiration of the morning hour Mr. LOOKING GLASSES, Hale, of Maine, took the floor on a motion to reconsider the vote by which the President's message was referred, and made an bour's political speech.

THE APPROPRIATION BILL.

The committee of conference on the disagreeing votes of the two Houses on the Legislative, Judicial and Executive Appropriation bill have agreed up to all the provisions of the bill save as to the salaries of members of Congress and the President, which questions are to be remanded to the House and Senate. The report will probably be presented to-morrow. Both sides, it is understood, make concessions. ABSENTEES.

The refusal of the House to grant further leaves of absence will prevent several members from keeping their appointments to address public meetings at various points throughout

Foreign News.

BUCHAREST, August 8 -In the Chamber of Deputies to-day, the Prime Minister explained the foreign policy of the new Cabinet. He stated that its policy would be one of strict neutrainy, maintaining, however, the public security and vigilantly guarding the national frontiers.

LONDON, August 8 -The Pall Mail Gazette's Berin dispatch has the following: The National Z itung says Servia despairing of a successtul issue of the war has requested the powers to mediate in favor of peace. The Servian attempt to raise a war loan in Russia has proved to be a failure.

London, August 8 .- A collision occurred last night on the Somerset & Dorset Railway near Radstack, between a London train and an empty excursion train. Twelve persons were killed and thir y w unded.

LONDON, August 8.-There was an animated debate in the House of Commons last night on the Bulgarian atrocities. The Times to-day in a leading article says: "Once more the massacres in Bulgaria have occupied the attention of the House of Commons. In a few days the members will have separated; but for this we might expect a series of debates in comparison with which that of last night would be gentle and subdued in tone, for there can be no little doubt that we are on the verge of revelations surpassing any thing the imagination of civilized man could have conceived. The barbarities of the Tartar conquerors and the wild and senseless destruction of human life which the modern students of history have been disposed to look upon as fabulous find a parallel in the deeds perpetrated within the last few weeks at a few days journey from our own shores. In our owo age we must turn to Ashantee or Dahomey for any thing similar to the ghasily spectacle now presented by a Turkish province. According to the testimony of which there can be no reasonable doubt, the helpless inhabitants of the district about Tartarbazarajik and Philippoli, men, women and children, have beer slaughtered by thousands, and their towns and villages utterly destroyed. It seems likely that those whem humane incredulity has led to suppose that the accounts were exaggerated, will have to abandon that supposition. The testimony of the witnesses and the admissions of a member of the British embassy, charged with the investigation of these massacres, give reason to believe that there has been nothing less than a general massacre of the population, against which the Turkish government let loose its bands. Furthermore there is the strongest evidence that these atrocities have not been the work wholly, or even principally, of the Circas sian settler , but of the Tuckish irregular troops, commanded by duly appointed officers, sent into the country expressly to strike terror into the population. What passed last night in the House of Commons shows the astonishment and horror these deeds have aroused. Mr.

pications. Hop. Robert Bourke, one of the under Secretaries for the foreign department, assured the House that the Premier was not disposed to treat the subject with levity, but on the contrary, would give it his anxious consideration. It was incumbent on him not to say a word without the gravest circumspection until he had ascertained the exact truth, but if the atrocities turned out to be true no man would more sternly vindicate hu manity. Then the old piea of exaggeration was put in ouce more, and the newspaper correspondents were taken to task as persons satis fied with a very small amount of evidence, and who tock a great deal of their information second hand. We may venture to suggest to the official speakers that with respect to this business the time is past when this style of apology will have any effect. Mr. Bourke reed a dispatch from Mr. Baring, one of the secretaries to the British legation at Constanti pople, dated July 22d. At the outset of the inquiry in which he estimates the number of victims, till I have visited the villages I hardly dare speak, says Mr. Baring, but my pres ent opinion, which I trust hereafter to be able to modify, is that about 12,000 Bulgarians have perished. We shall see shortly in what directly Mr. Baring's opinion will be modified. but we fear that if with the preposse-sions prevalent at the embassy, it should be anticipated that the killed amount to 12,000 ency are likely to surpass very much that number.

LONDON Aug. 8 .- A dispatch to the Reuter's l'elegram Company from Constantinople says private telegrams from Widdin, dated yes terday, anonunce that in consequence of the capture of Gurgusovatz the Service General Leschjanin, had abandoned Saitschar, and marched to join General Tehern yeff. The Turks occupied Saitschar unopposed.
